

MarClean AC+

- Alkaline NLS Cargo Tank Cleaner

Description

MarClean AC+ is a strong potassium-based cargo tank cleaner which has fast-acting wetting agents which makes it an excellent cargo hold cleaner. MarClean AC+ can be used neat or diluted with water, depending on the degree of contamination, type of surface, hardness of water and temperature.

- It can be used neat or diluted with water depending on the degree of contamination, type of surface, hardness of water and temperature.
- Removes animal fats and veg oil residues (drying / semi-drying).
- Removes soot.
- Leaves no film in the cargo tanks.
- Non-flammable.
- Fully biodegradable.
- Effective and economical in use.
- Approved by IMO.
- Approved by major coating manufacturers.

Direction for Use

1. Pre-clean the tank with warm or hot SW, depending on oil type.
2. Make preferable FW solution of 1-5% MarClean AC in the service tank.
3. Re-circulate the solution at 65°C-70°C for 1-4 hours, one solution is usually sufficient to clean 3-4 tanks.
4. Rinse the tanks for 1-3 hours with warm SW, approximately 55°C-60°C.

Directions when Mixing with Seawater

1. Seawater may reduce the foaming qualities of the detergent.
2. Seawater may influence the pH of the cleaning solution with a reduced cleaning effect as result.
3. Seawater represents a corrosion risk to the surfaces and the equipment used.
4. When mixing MarClean AC+ with seawater it is recommended to have a concentration of at least 1 – 5%.

IMO Approved & Tank Coating Manufacturer Approved

MarClean AC+ is approved by MARPOL / IMO in accordance with MEPC.1/Circ. 590. MarClean AC+ can safely be disposed into seawater without being harmful to the marine environment. MarClean AC+ is in compliance with MARPOL Annex V, and is also approved by major coating manufacturers.

Caution!

This product should not be used on zinc coating.

Properties

Physical state	: Liquid
Odour	: Characteristic
Colour	: Clear
Solubility in water	: Soluble in Water
Density	: 1.20 – 1.30 g/cm ³
pH	: 13.0 – 14.0

Packing

MarClean AC+ is accessible in 25ltr pails and 200ltr drums.
