

MarClean Foam Plus

- Cargo Hold Cleaning Chemical

Description

MarClean Foam Plus is a concentrated water-based and water-soluble additive that can be used in all alkaline water-based cleaning chemicals. MarClean Foam Plus enables the cleaning duration and the penetration of the treated surface to be adequately enhanced. The results being, increased chemical competence, and cost effectiveness.

- Compatible to use with all alkaline water based cleaning chemicals.
- A liquid mixture that is water-soluble, non-flammable and biodegradable.
- No effect on rubber or plastic compounds.
- Retains chemical cleaning applications on treated surfaces.
- Cost effective, easy to apply and use.

Directions for Use

A. When finding the exact dilution for MarClean Foam Plus, you have to take several challenges into account, such as: The tank surface area that is to be covered, the extent of the contamination, the available downtime and the application method being used. Therefore, various concentrated solutions can be tried and tested, in order to obtain the optimal amount for the job in hand. In general, 50-100 ml of MarClean Foam Plus is adequate per 10 litres of washing solution.

B. MarClean Foam Plus may be used in aqueous solutions with alkaline cleaning chemicals so that during the application procedure, as described in the individual catalogue sheets of each cleaning chemical, the final product is applied in the form of foam by a high-pressure machine or a regular air powered paint-spray thick nozzle unit.

IMO Approved & Tank Coating Manufacturer Approved

MarClean Foam Plus is approved by MARPOL / IMO in accordance with MEPC.1/Circ. 590. MarClean Foam Plus can safely be disposed into seawater without being harmful to the marine environment. MarClean Foam Plus is in compliance with MARPOL Annex V, and is also approved by major coating manufacturers.

Caution!

This product should not be used on zinc coating.

Properties

Physical state	: Liquid
Odour	: Slight
Colour	: Yellow
Solubility in water	: Soluble in Water
Density	: 1.10 – 1.15 g/cm ³
pH	: 8.5 – 9.5

Packing

MarClean Foam Plus is accessible in 25ltr pails and 200ltr drums.
