

## MarClean H60+

- Heavy Duty Solvent Based NLS Cargo Tank Cleaner

### Description

MarClean H60+ is a low-toxic, low aromatic, biodegradable, solvent-based tank cleaner containing emulsifying agents and petroleum solvents. MarClean H60+ is safe to use on most metal surfaces and tank coating. MarClean H60+ is an excellent option for cleaning of paraffins, waxes and other mineral oils. The product does not leave any film in the cargo tanks, and it contains no chlorinated hydrocarbons. MarClean H60+ is a good solution, because its:

- Flashpoint above 60 °C.
- Effective and economical in use.
- Do not hinder re-refining of oil slags.
- Approved by IMO.
- Approved by major coating manufacturers.

### Directions for Use

#### Re-circulation Method:

Mix a solution of 1–7% MarClean H60+ in freshwater or seawater in a mixing tank. Then re-circulate the blended solution into the tanks to be cleaned. Let the solution sit in the tank with re-circulation for up to 4–8 hours at 65°C. When you have made one solution, the solution is normally sufficient to clean almost 3–4 tanks. After the recommended re-circulation time, rinse the tank with lots of seawater or freshwater. The result is a clean tank, ready to carry the next cargo!

#### Spray Method:

Spray MarClean H60+ un-diluted on to the soiled surface. Let the product work at least for 30 minutes, but no more than 2 hours. Do not let the product to dry on wall. This can cause problems. So be aware of this when using this method with MarClean H60+. After the required worktime of the product, please rinse the applied surfaces with warm seawater. Let then the surface dry, and the result is a clean surface.

# IMO Approved & Tank Coating Manufacturer Approved

MarClean H60+ is approved by MARPOL / IMO in accordance with MEPC.1/Circ. 590. MarClean H60+ can safely be disposed into seawater without being harmful to the marine environment. MarClean H60+ is in compliance with MARPOL Annex V, and is also approved by major coating manufacturers.

## Caution!

Please do necessary arrangements for protection gear and equipment prior using this product.

## Properties

Physical state	: Liquid
Odour	: Characteristic
Colour	: Colourless
Solubility in water	: Emulsable in Water
Density	: 0.80 g/cm <sup>3</sup>
pH	: N/A

## Packing

MarClean H60+ is accessible in 25ltr pails and 200ltr drums.
