

## TECO Chlor

- Sodium Hypochlorite-based cleaner

### Description

TECO Chlor is extremely efficient to remove red and yellow dye discoloration and stains in cargo tanks. These types of stains and discoloration is in Tankers caused by carriage of dyed gasoline cargoes. TECO Chlor is a good solution to remove exactly these types of problems.

- Heavy duty water based tank cleaner.
- Removes Dye Discoloration.
- Does not contain nonyl phenol ethoxylates or other estrogenic compounds.
- Biodegradable.
- Free from Hydrocarbon Solvents.
- Effective and Economical in use.
- Completely safe to use on Epoxy Coatings.
- Approved by IMO.
- Approved by major coating manufacturers.

### Directions for Use

1. Mix a solution of 1–3% TECO Chlor in fresh or seawater in a mixing tank.
2. Re-circulate the solution in the tanks to be cleaned for 3 to 6 hours. One solution is usually sufficient to clean 3 – 4 tanks.
3. Rinse the tank with seawater or freshwater.
